Carrer Objective

Enthusiastic AI & Data Science student seeking opportunities to apply academic knowledge in real-world scenarios while enhancing analytical and technical skills and contributing to organizational growth.

Education

B.Tech Artificial Intelligence and Data Science   2023 – 2027
Kongu Engineering College, Perundurai
- CGPA: 7.23 / 10.0

HSC   Higher Secondary Certificate   2023
Kongu Vellalar Matric Higher Secondary School
- Percentage: 88%

Projects

Recipe Finder Web Application
- Developed a web application that suggests recipes based on user-entered ingredients by integrating the Spoonacular API to fetch and display relevant recipes with images and cooking instructions, and built a smooth, interactive frontend using ReactJS with Axios for efficient API handling.
- **Tools Used:** React.js, Node.js, Express.js, MongoDB

To-Do Web Application
- Built a task management application with full CRUD operations for efficient task tracking, integrating MongoDB Atlas as the cloud database to store and manage user tasks, and implemented RESTful APIs to enable seamless backend communication and task management.
- **Tools Used:** React.js, Node.js, Express.js, MongoDB

Skills

Programming Languages: Java, Python
Frontend: HTML, CSS
Backend: MongoDB, Node.js
Frameworks: React.js

Areas of Interest

- Full Stack Development
- Machine learning

Soft Skills

- Time Management
- Adaptability

Certification

- Foundations Associate Java - Oracle (2025)
